Introduction

The main aim of the Masihi Foundation in Nepal is to help these blind children, and many more like them by providing them with education facilities that ordinarily are not available to them educating them.

Masihi Foundation provides is endeavoring to instill in these children values that will help them through their lives and help to make them good citizens in society despite their disabilities.

Masihi Foundation came across 14 blind children in the remote District of Gorkha in a Village aged between 5 and 3 years age from very poor families. These Children were living in very poor living conditions were undernourished and often ostracized by their families who could not cope with their needs.

Family Background

The World knows Nepal is one of the poorest country in the world, villagers are uneducated, with no land to cultivate, no medical coverage. In order to survive large families are the norm and often families have 6 to 10 Children to look after. Under such condition any children who are not able to contribute to the family are ignored. The standard of living is poor and life is hard in this rugged terrain with at the most one meal a day being the daily intake of food.

Long-term Objectives

- To establish a school and a vocational training center for Blind children.
- To develop a facility that can cater to the need of these children.

How to achieve the goal:

In order to achieve our goal we need financial help from various donors as the care of each child costs a minimum 6000 Nepali Rupees (about 85 USD) per month.

Below is a breakdown of expenses per child on a monthly basis, we hope that you will consider assisting us financially

Food	Education	Stationary	Health	Clothes	Monthly Expenses	Yearly Expenses
Rs. 3,400/-	Rs. 1,400/-	Rs. 480/-	Rs. 400/-	Rs. 500/-	Rs. 6,180/-	Rs. 74,160/-
US\$47.22	US \$19.44	US\$6.67	US\$5.56	US\$ 6.94	US\$85.83	US\$1030

We are unable to continue our work without assistance, we request a financial contribution of any amount to help us to provide for these children.

Should you wish to send gifts for them we would be happy to receive these and we will ensure that these are distributed accordingly

Activities of Children

In order for our teams to reach this remote area of Nepal it takes two days. There are many more blind children in neighboring villages that we have not been able to reach due to lack of resources. It is our desire however to assist all the disabled children in this region, so we appeal to you and your organization to us in our work.
